Now a Tutor at Boaz International Education Institute

The knowledge of psychology I learned was very practical in my daily life and could be applied to different scenarios. As an athlete, I used to feel stressed during races. Studying psychology has enabled me to understand more the origin of negative thoughts and helped me find my way to handle stress in a proper way. I am thankful that the College has provided me great support for my non-academic development, such as trail running and photography. It boosts my confidence and sharpens my leadership skills.
