# Occupational Therapy

職業治療學(榮譽)理學士

This programme aims to provide students with foundation training in occupational therapy. Through professional administration of assessment and therapeutic occupational activities, people with psychosocial, physical or cognitive dysfunctions, developmental disabilities or post-traumatic experiences can develop, regain or maintain their life functioning and fully participate in their home and community.

## Programme Objectives

- To equip students with the ability to integrate theory and practice in occupational therapy;
- To practise occupational therapy in different health care and educational settings;
- To enable students' eligibility to apply for registration as Registered Occupational Therapists with the Occupational Therapists Board, the Supplementary Medical Professions Council of Hong Kong;
- To advocate health and wellness for all people in the community;
- To enhance students' interpersonal skills, including teamwork and communication skills;
- To foster students' awareness and appreciation of cultural diversity; and
- To develop students' critical and creative thinking as well as analytical and problem-solving skills.

## Professional Recognition

- This programme is accredited by the Occupational Therapists Board of the Allied Health Professions Council (AHPC).
- Graduates are eligible to apply for registration as Occupational Therapists (OT) "職業治療師" (Part II) and practise in Hong Kong.
- This programme has also been approved by the World Federation of Occupational Therapists (WFOT). Graduates are recognised as meeting the international standard for the education of Occupational Therapists.

## Career Prospects and Further Studies

- Graduates can provide occupational therapy services to clients with diverse conditions in hospitals, social service settings, schools, private clinics, nursing homes, and the community.
- Graduates can further their study in local and overseas postgraduate programmes in occupational therapy, rehabilitation sciences, health and medical sciences, social sciences, and healthcare management.

## Graduate Sharing

### Rachel Lai

Graduate of Bachelor of Science (Honours) in Occupational Therapy (2025)  
Now an Occupational Therapist at Castle Peak Hospital

Throughout my four years of study at Tung Wah College, I am filled with a sense of accomplishment and gratitude. This journey was transformative, equipping me with not only theoretical knowledge but, more importantly, to develop practical skills through placements in various clinical settings. Equally invaluable was the opportunity to participate in an overseas study tour, which enriched my understanding of cross-cultural care and broadened my global perspective on occupational therapy practices.

I am deeply grateful to the supportive teaching staff and clinical educators who guided me every step of the way. Their expertise and rich professional experience contributed immensely to our learning journey. With their mentorship and the comprehensive, well-structured curriculum, I have grown both personally and professionally, and feel fully prepared to embark on my career as a competent and compassionate occupational therapist.

### Notes

- (1) Some programmes may stipulate additional requirements for admission. For more information on the programme-specific admissions requirements, please refer to the individual programme webpages.
- (2) For non-Chinese-speaking learners, alternative Chinese Language qualifications will be accepted for students who have met the specified conditions: (a) students who have learned Chinese Language for less than 6 years while receiving primary and secondary education; (b) students who have learned Chinese Language for 6 years or more in schools, but have been taught an adapted and simpler Chinese Language curriculum not normally applicable to the majority of students in local schools. ApL Chinese (for non-Chinese speaking students) should, in general, be accepted as an alternative Chinese Language qualification, among other acceptable alternative Chinese Language qualifications.
- (3) The Applied Learning (ApL) subjects do not include ApL Chinese (for non-Chinese speaking students) as this subject is introduced to provide an additional channel exclusively for non-Chinese speaking students to obtain an alternative Chinese language qualification. For the 2012-2017 HKDSE Examinations, students attaining the results of "Attained" and "Attained with Distinction" in the ApL subjects are accepted as attaining the competencies required at Level 2 and Level 3 or above of Category A subjects of the HKDSE Examination respectively for the purposes of further studies and work. Effective from the 2018 HKDSE Examination, the reporting of students' performance is refined to "Attained", "Attained with Distinction (I)" and "Attained with Distinction (II)". Performance of "Attained with Distinction (I)" is comparable to Level 3 while "Attained with Distinction (II)" is comparable to Level 4 or above of Category A subjects of the HKDSE Examination.
- (4) Please refer to the College's website for examples of equivalent non-local qualifications for admission to higher diploma or bachelor's degree programmes.
